

Jump-Start Funding

What is Jump-Start?

Virginians with developmental disabilities (DD) can face challenges accessing service options that support them in their own homes, apartments and other integrated community settings. Jump-Start is a funding initiative designed for individuals seeking certain integrated community service options with new and expanding DD providers. This **one-time** funding has a maximum awarded amount per applicant and is used to develop infrastructure and capacity in community-based service organizations to support specific individuals while preparing to meet future community needs, especially in geographically underserved areas. Providers must demonstrate how they will engage in targeted activities to increase and sustain capacity through a person-centered approach. Funds supplement a provider's existing resources by reimbursing providers' expenditure based on the awarded fund. The funds are prioritized for individuals in areas where integrated service options are limited, as identified by DBHDS or communicated to DBHDS by providers in the application process.

Who may apply?

- Providers who have joined the My Life My Community Database
- Providers of DD services willing to serve individuals in needed locations identified by DBHDS or as justified by the provider in the application
- Providers whose CEO or Administrator has signed the Jump-Start Agreement for sustainability with DBHDS
- Providers who can demonstrate they meet Jump-Start program criteria as detailed below

Who is eligible to apply?

Providers of Developmental Disability services, both small and large, are encouraged to apply.

- If a DBHDS license is required for the service being requested, the provider must have **an annual or triennial license** in any service, as well as a **conditional license** in the specific service for which you are requesting Jump-Start funds.
- If a DBHDS license is not required for the service being requested, the provider must have a DMAS Participation Agreement for the specific service for which you are requesting Jump-Start funds.
- All agencies must be in good standing with all state and federal requirements.
- Providers have at least **three years of work experience** providing any community-based service to people with developmental disabilities in Virginia or another state
- Have identified at least **two people** who are requesting one of the Medicaid Waiver-funded DD services listed below.
- Behavioral Therapeutic Consultation funds are distributed for the **state required fee**, and then after two individuals accept service, and continues based on reimbursement with services delivered.

- Have executed a Jump-Start Acknowledgement & Assignment of Award form with everyone identified or his/her authorized representative, if applicable.
- Applicants must meet the qualification requirements for the service(s) you are applying for (see chart below):

What are the eligible services and capacity-building activities?

Focus for Service/Program Development:

Providers are expected to develop capacity to create a sustainable program design and/or service delivery model that enables them to serve a growing population. Providers approved for funding will initiate, expand, or maintain organizational structures and systems to support people with DD in community settings and in agreement with their DBHDS License and/or DMAS Participant Agreement.

DBHDS is conducting a gap analysis to identify areas where there is unmet demand for specific services (e.g., fewer than two licensed providers currently billing for these service options in each locality). Providers can use this data from the Baseline Measurement Tool, in combination with data from referrals of specific individuals who need these services from CSBs, to decide whether to:

1. **Develop and launch a new service option that they do not currently offer in geographic locations where there is unmet demand and limited provider availability**
2. **Expand a service option they currently offer in one geographic location to another geographic location where there is unmet demand and limited provider availability**
3. **Identified person with an immediate and direct support need in the program or community that is a verifiable need**

Service Options:

Providers must propose to offer one or more of the following DD Medicaid Waiver services. Each service has a maximum Jump-Start funding allowance. ***A Jump-Start applicant may request funding for one service and may not exceed the maximum allowable fund. If applying for the combined Community Engagement and Community Coaching, this is a single application consisting of two services.*** Agencies applying for Jump-Start funding may only receive the maximum award as a one-time incentive for any single service during the provider's existence.

Focus of Covered Activities: Providers are applying for Jump-Start funding on behalf of individuals who request one of the service options above. For example, if ABC Provider is applying for Jump-Start funds on behalf of Tom, Jane and Laura all of whom want Shared Living services, then ABC may choose to focus its application on designing a Shared Living services program, developing Shared Living policies and

procedures, and advertising/recruiting/hiring a part-time program director. Program expenses are related to the provider's development or expansion of services to meet individual needs. Provider expenses are also provided through a fiscal agent based on a signed agreement following the application process.

Covered Activities: Providers can use Jump-Start funding to cover costs associated with the following activities. Providers must justify the cost associated with any activity covered in the budget. For example, if ABC proposes to advertise/recruit/hire a part-time director, the budget should reflect the cost to advertise in local papers and/or on a major employment website (e.g., \$300 for one week), conducting a background check (\$75 using a national screening service), performing immunizations (\$25), and offering a hiring incentive (\$250 signing bonus awarded at 3-month anniversary).

When purchasing vehicles for transportation of individuals within the service, it is important to select a reliable, accessible, and accommodating vehicle that meets the individual's needs.

Items costing \$1000.00 or more requires three estimates.

- **Remember Jump-Start funds:**
 - must be requested to develop services for specific individuals,
 - are not a continued source of funding, it is a reimbursement fund.
 - are based on a provider's plan for sustainable revenue, and
 - do not supplement Medicaid funding
- **All funding decisions are made based on the availability of Jump-Start funds, a program's documented ability to meet identified needs, the impact of the service option, and DBHDS approval of the provider application**

Criteria for allotment of Jump-start Funding

Jump-Start funds are allotted based on size and scope of the request. Applications will be reviewed and prioritized based on the following criteria:

- Identify two individuals to be served per agency, per program.
- Individuals seeking support have less than two options of identified service in the locality of their residence.
- Request fulfills an identified need as communicated in the semi-annual DBHDS Provider Data Summary Baseline Measurement Tool updates or as justified in the application process.
- Financial budget and service description in the application process are related to either staff development, program development, or related expenses in preparing the program to meet the needs of individuals to be served.
- Ability to share program accomplishments biannually or upon request through various means such as presenting accomplishments at roundtables, contributing to print or online resources, on stakeholder calls, etc. for a period of up to two years following project completion.
- Provider meets qualification requirements for the service(s) to be provided.
- Commitment to innovation in service delivery.
- **Commitment to promptly inform DBHDS of changes in service delivery.**

Only applications that propose to make a service option(s) available in geographic locations where there is both unmet demand and a shortage of providers will be funded. At least two individuals must be identified for an application to be fully funded.

JumpStart Funding shall be awarded to applicants that:

- Justify the need for the service option in the selected geographic location (based on DBHDS gap analysis, CSB referral data, provider data).
- Commitment to serve a minimum of two individuals per six months of service.
- Have documented how the service option start-up /expansion funds will be used, and how activities are organized, implemented, completed, and sustained.
- Have the management/staffing patterns that are connected to the service design and the roles/responsibilities of key program staff.
- Submit a project budget that clearly describes and justifies all costs for the covered activities. The budget includes detailed computations of each budget line item. **All items costing \$1000.00 or more requires three estimates.**

Jump-Start awardees will be required to:

- Sign a Jump-Start Agreement letter with DBHDS.

- Submit progress reports on major tasks and outcome reports related to initiating service options for individuals on whose behalf Jump-Start funding was awarded with each request for funds.
- Submit invoices with program's progress and status.
- Funding will be **released on a reimbursement basis** through the fiscal agent following the submission of an invoice and receipts that matches the approved budget period.
- Share program accomplishments upon DBHDS' request.
- Participate in a physical site visit biannually or upon request and share programmatic policies and procedures review completed by DBHDS staff.

Steps to access Jump-Start funding:
